Jessica -

It wasn't so much as answers by that time, more of getting on the same page of what questions we have for 6RC, and what you need from us. Topics I can think of so far:

1. Issues with Mines on BLM land
 - Confirmation BLM takes the lead
 - Confirmation EPA provides oversight/review (including 104(e), notice letters)
2. KerrMcGee/Tronox - means to obtain a portion of the funding if we discover mines that need attention
3. Discussion on how, at this early stage where we have only CERCLIS pre-screens with little information on actual threats, we can engage PRPs
4. Jackpile Mine - Discuss merits of:
 - General Notice
 - Superfund Alternative Approach

Hi Kevin,

Just so Pam and I are on the same page as everyone else, could you summarize the legal questions you want answered with respect to Grants Mineral Belt meeting scheduled for Dec. 2?

Thanks!
